PROFESSIONAL SUMMARY

- Technical Operations professional with practical experience in CCTV systems, smart surveillance technologies, UAV operations, aerial surveying, photogrammetry, geospatial data processing, operational monitoring, and technical documentation.
- Licensed GACA Remote Pilot with hands-on exposure to UAV mission planning, flight safety procedures, aerial data acquisition, Pix4Dmatic processing, GIS workflows, and security-focused operational environments.
- Currently pursuing a Diploma in Artificial Intelligence & Data Science, with a Master's Degree in Educational Technology and a strong interest in applying AI, UAV, CCTV, GIS, and cybersecurity concepts to improve situational awareness and operational efficiency.

CORE COMPETENCIES

Technical Operations	CCTV Systems	Smart Surveillance	Control Room Operations
UAV Operations	GACA Remote Pilot	Mission Planning	Flight Safety
Photogrammetry	Pix4Dmatic	GIS & Mapping	Geospatial Intelligence
AI Applications	Cybersecurity Awareness	AVSEC Awareness	Technical Documentation
Risk Assessment	Incident Reporting	Critical Infrastructure Protection	Training & Communication

PROFESSIONAL EXPERIENCE

CCTV Systems Specialist | MISC Global Contracting Co. Ltd. | 2025

- Supported CCTV system deployment, installation, configuration, testing, and operational readiness in security-focused environments.
- Prepared technical assessment documentation covering camera coverage, DVR capacity, signal integrity, and upgrade recommendations.
- Worked with IP surveillance systems, NVR/DVR platforms, structured cabling, camera layouts, BOQ documentation, and field installation procedures.

UAV Operations & Aerial Surveying Trainee | Tuwaiq Academy x SAFCSF | 2024

- Completed Drone License & Photogrammetry Bootcamp and obtained GACA Remote Pilot License.
- Performed UAV mission planning, aerial surveying, risk assessment, flight safety checks, and aerial data collection.
- Processed photogrammetry outputs using Pix4Dmatic and applied GIS workflows to support smart monitoring and mapping use cases.

Certified Driving Instructor | Sharq Driving School | 2021 - 2023

- Delivered structured practical driving instruction while maintaining compliance with safety standards and operational procedures.
- Evaluated trainee performance, provided constructive feedback, and prepared documentation related to training progress and readiness.

TECHNICAL PROJECTS & PORTFOLIO

COASTAL EYE

AI-powered smart maritime monitoring platform integrating UAV operations, AI, GIS, photogrammetry, CesiumJS, and smart surveillance to support coastal monitoring, threat detection, and situational awareness.
Repository: <https://github.com/afnan-alroaished/Coastal-Eye>

AI-Powered CCTV Monitoring System

Portfolio project documenting CCTV system assessment, camera layout, BOQ, practical workshop evidence, DVR/NVR concepts, and smart surveillance implementation readiness.
Repository: <https://github.com/afnan-alroaished/AI-Powered-CCTV-Monitoring-System>

EDUCATION

- Diploma in Artificial Intelligence & Data Science — In Progress
- Master's Degree in Educational Technology — Najran University
- Bachelor of Education — Najran University

LICENSES

- GACA Remote Pilot License — UAG 107
- Certified Driving Instructor License

PROFESSIONAL CERTIFICATIONS

- | | |
|---|--|
| • Drone License & Photogrammetry Bootcamp — Tuwaiq Academy x SAFCSA | • Network Security Fundamentals — Palo Alto Networks |
| • CCTV Systems Engineering Program | • Cybersecurity Awareness Program |
| • Aviation Security Awareness (AVSEC) | • Training of Trainers (TOT) |
| • Google AI Essentials | • High-Potential Leaders Program |
| • Artificial Intelligence Concepts & Advanced Applications — SDAIA | • Human Resources Management Fundamentals |
| • Introduction to Artificial Intelligence & Cybersecurity | |

TECHNICAL SKILLS

CCTV Systems • IP Surveillance Systems • NVR/DVR Platforms • Structured Cabling • Camera Layout • BOQ Documentation • UAV Mission Planning • Flight Safety • Pix4Dmatic • Photogrammetry • GIS • CesiumJS • Artificial Intelligence Applications • Git & GitHub • HTML • CSS • JavaScript • Microsoft Office • Technical Documentation • Technical Reporting

LANGUAGES

Arabic — Native | English — Professional Working Proficiency | Chinese — Intermediate

PROFESSIONAL MEMBERSHIPS

- Tuwaiq Academy Member
- Saudi Federation for Cybersecurity, Programming & Drones
